- Passport photos for all nationalities*
- Photos for travelcards, tickets, foreigner's identity cards
- Please bring any existing instructions or specifications
- Appointments always better by appointment!

*** Biometric photos for Swiss passports and IDs are taken directly at the passport office.
(Information without guarantee, this varies from canton to canton).**

Note: The specifications of the individual countries are very different. I make every effort to produce the photos according to these specifications. However, if these are changed, it is possible that I do not have the up-to-dated information. It is therefore in the customer's interest to send me the latest specifications or bring them with them. I can read and understand German, English, French and Spanish - all other languages must be translated for me.

These shoots are very personal. I guarantee absolute discretion and confidentiality with the model during the shoot and, of course, with the photo material afterwards. For this type of shoot, I recommend that you contact me personally in advance.

Various locations in the vicinity of Langenthal are suitable for outdoor shoots. However, I am mobile and can also come to your region. All shoots can also be booked as a couple for the same price.

The General Terms and Conditions of IMPRESSUM the Swiss Association of Journalists and Photographers apply.
